

IMPACT INVESTING PRINCIPLES *for* PENSIONS

Adopter's statement for pension schemes

We support the Impact Investing Principles for Pensions and commit to:

1. Use the Principles as a guide to set/review our impact priorities.
2. Seek training and investment advice on impact investing.
3. Report on our impact to the greatest extent possible.

We will be able to demonstrate action in one or several of these areas within six months of adopting the Principles and will recommit on an annual basis with evidence for how the Principles have been used.
