

YOU ARE INVITED TO JOIN GRESHAM HOUSE IN ASSOCIATION WITH PENSIONS FOR PURPOSE FOR A VIRTUAL MORNING COFFEE ON TUESDAY 3 NOVEMBER.

Continuing on the theme of Housing, specialists from Gresham House will discuss shared ownership as an affordable housing solution and how it can generate stable and secure long term inflation-linked returns and quantifiable social benefits.

The morning coffee will start at 10:30. Introduced by **Karen Shackleton**, Founder of Pensions for Purpose, Karen will be joined by **Ben Fry**, Head of Housing Investment at Gresham House and **Rebecca Craddock-Taylor**, Director of Sustainable Investment who will discuss how undersupply of housing and decreasing affordability has pushed home ownership out of reach for many and how institutions can help address this problem through a part rent, part buy model.

Ben and Rebecca will answer questions on a range of topics such as measuring social impact, and assessing the wider societal benefits of making home ownership affordable and accessible to people on lower and middle incomes.

Please RSVP as soon as possible as places are limited.

RSVP here >>

Upon registering, you will have the option to sign up to receive a personalised delivery, so you can share a morning coffee with us. We hope you can join us for what we expect to be an informative and interactive discussion.

Gresham House is a specialist alternative asset management group, dedicated to sustainable investment across a range of strategies, with expertise in forestry, housing, sustainable infrastructure, renewable energy and battery storage, public and private equity.
